### *Guidelines*

Participants in the Home Delivery Service should reside within the delivery service area (see our map) and have difficulty in getting to the library. The Rossville Community Library will provide library books and materials to you at no charge. A library staff member or volunteer will deliver books to you every two weeks (or less often, if you prefer). If you are not currently a library cardholder, you will be added to our database and issued a library card number to allow us to maintain adequate records. Please understand that while we will do our best to match books to your tastes, we are unable to know your tastes precisely; therefore, you may receive selections that you do not like or that contain material offensive to you. Please let us know, and we will use that information to guide future selections. If you have specific titles you would like, let us know, and we'll do our best to locate those specifically.

We will attempt to deliver books at your scheduled time. If you are unavailable, delivery may be delayed until a future time when the delivery person is available. You are responsible for any damages to library materials or lost library items. You may update information, change preferences, or stop service at any time by notifying the library at 785-584-6454 or notifying the person who delivers your items.
